SCOTCHLITE®

Scotchlite® Brand Reflective Fabric is a high quality sew-on trim. It is retro-reflective and recognizable at over 300 feet by automobile headlights. These retro-reflective materials are similar to those used to produce highway and street signs which "light up" by approaching headlights except they have been adapted for use on clothing. Any beam of light directed toward this material is bounced back to the source with amazing brilliance.

COLORS: White, Silver, Flourescent Red Orange and Flourescent Lime Yellow.
