# HOLSTER DESIGNS KEEP MULTIPLYING AND CHANGING

## some's IN-STOCK HOLSTER INVENTORY IS LIMITED TO ACCOMMODATE CERTAIN STYLE NUMBERS OF THE FOLLOWING WEAPONS: BERETTA • BROWNING • COLT • GLOCK • HECKLER & KOCH-RUGER • SIG SAVER • SMITH & WESSON

### *CORRECT MEASUREMENT OF BARREL LENGTH:*

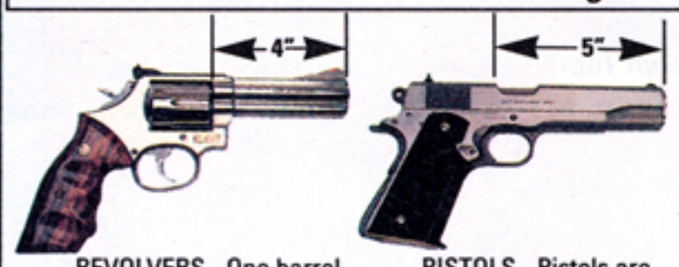
A. Semi-Automatic pistols are measured from the back portion of the ejection port to the end of the barrel.

B. Revolver barrel lengths are measured from the face of the cylinder to the end of the barrel.

**TO ORDER, YOU NEED:**

1. Holster Model Number, Color, Finish. Please indicate right or left hand shooter.
2. Specify gun to fit and barrel length. Failure to provide complete information will only delay shipment of your order. Some's may at its discretion provide or substitute most popular configuration.

***Correct Measurement of Barrel Length***



REVOLVERS - One barrel length is measured from the face of the cylinder to the muzzle.

PISTOLS - Pistols are measured from the rear portion of the ejection port to the muzzle.

***Holster Ordering Information:** The Correct Model Number of Your Gun is a Prerequisite in Fitting a Gun to a Holster.*

***CAUTION! SUBJECT: Fitting a gun to a New Holster!***

**Never place a loaded handgun in a holster without first testing for proper fit with the handgun in an unloaded condition. Practice may be required to familiarize your feel of placement and draw of gun and holster. It is the user's responsibility to exercise caution to prevent the risk of accidental discharge. *Know Where Your Holster Rides on Your Belt. Standard Ride: Gun Butt Below Waist Belt Line.***

**Specify: Right or Left Hand draw.**
**Order Code: "A"- Automati "R"- Revolver,**
**"PSL"- Plain Smooth Leather "BW"-Basketweave**
