NEW PRODUCTS – April 1, 2021

Now introducing HWI Gear products. HWI Gear has innovative and affordable equipment, designed by Bill Hatch. With over 35 years experience designing and manufacturing quality tactical and law enforcement apparel.

ND100

Offers unrivaled comfort and flexibility in a duty glove. The ND100 is composed of ultra-flexible neoprene and synthetic leather. Textured PVC grip gives excellent weapon control, and the contour cut design gives a natural feel, creating a glove you will not want to take off.

ND100L

Combines flexibility and tactility with cold weather protection. The neoprene coupled with the waterproof, breathable liners and Thinsulate® insulation deliver a quick drying glove that will keep your hands warm in cold conditions, and the digital synthetic leather pattern will keep your grip in wet conditions.

PCG100

The most comfortable puncture resistant glove available. The PCG100 has a high level of puncture resistance in the fingertips and a full Dyneema® liner for superior cut protection. It is constructed with aniline goatskin in the palm and moisture-wicking, breathable spandex back. Its special contour cut offers the ultimate dexterity and comfort.

CG100

Combat glove offers superior flexibility, feel and protection. High-density foam knuckle, interlock Kevlar® material and high-grade aniline goatskin leather make this an adaptable glove suited for any tactical situation.

Capacitive (touch)

WTS100

All weather touchscreen glove is wind resistant, water resistant, flexible and ideal for cold weather.

Capacitive (touch)

CTS100

Cut resistant kevlar® material lines the palm. Features high-grade synthetic leather, moisture-wicking material and fingertip utilizes touchscreen leather. This glove gives you extreme protection with amazing tactility, ergonomic cut and dexterity.

Capacitive (touch)

KTS100

A rugged, tactical, hard knuckle glove with touchscreen capable technology. Featuring a highly abrasion resistant grip and finger padding design for ultimate protection.

Capacitive (touch)

CW5

All weather, Level 5 Cut Resistant Touchscreen Glove, is designed specifically for the rigors of the duty officer and the harshness of patrol situations in cold weather.

Capacitive (touch)

DG5

Touchscreen Level 5 Cut Resistant Glove, is designed specifically for the rigors of the duty officer and the harshness of patrol situations.
